Design size: 21 x 36 DOTZ® (2.3in x 4in)

Skill Level Beginner

Crafting Time 1 - 2 Hours

Supplies & Tools

- DOTZ® Sandwich Adhesive Roll
- DOTZ® Stylus, Wax and Craft Tray
- Phone cover or any item you want to decorate
- DOTZ® LitePad
- Scissors
- DIAMOND DOTZ®
 - Mid Kelly Green 8246
 - Light Frog Green 8248
 - Lorikeet 8244
 - Baby Yellow 8326
 - Sunshine 8324
 - Poppy 8335

Directions

- Cut out a piece of Sandwich Adhesive in the size of your design.
- Lay the Chart (design facing up) on your DOTZ® Lite surface and position the Sandwich Adhesive piece (paper side down) over the top of the Chart.
- Peel back the clear surface from the top of the Sandwich Adhesive to reveal the sticky surface. You may want to peel back to reveal the sticky surface gradually as you dot.
- Dot onto the sticky surface following the chart pattern. Make sure to recover the sticky surface with some protective film in between dotting sessions.
- Once all dotting is finished, cut evenly around the edge of the dotted design leaving the width of 1 gem around the outside of the design.
- Peel the backing paper away from one small corner of the underside of your project and secure the small sticky area onto your final surface.
- Once secured in one corner, gently peel the remaining backing paper away, sticking your dotted design down as you go.

Tip

For best results use DOTZ® Sandwich Adhesive on smooth, clean, and dry surfaces. Not suitable for use on fabrics or uneven surfaces.

Your Design! Your Way!
